ESL/ELL BOOKS

*Two of the fantastic ESL/ELL kits that Santillana produces contain wonderful Guided Reading books. The kits are called **Spotlight on English** and **Santillana Intensive English**.*

Spotlight on English

The only program that truly teaches academic vocabulary for ESL/ELL students. The kits focus on Reading, Language, and Content (each unit explores Language Arts, Math, Social Studies, Science, Music and Art). Although it would be great to have the complete kits, it isn't possible with the STAR program. As Scott and Bretton showed the STAR committee just the thematic library and the classroom library, they LOVED the books and thought it would be great to just offer an add-to package of the books!

Spotlight on English Thematic Library – ADD TO PACK – Help students build literacy skills through controlled vocabulary reading selections.

Santillana Intensive English (SIE)

For ESL/ELL students grades K-8, this program has helped thousands of students learn English. The complete kits contain lesson cards, student activity books, vocabulary workbooks, assessments, home school connection points, audio CD's, Speed Reads and many other components. Although it would be great to have the complete kits, it isn't possible with the STAR program. As Scott and Bretton showed the STAR committee the classroom library, they LOVED the books and thought it would be great to just offer an add-to package of the books!

Santillana Intensive English Classroom Library – ADD TO PACK – Classroom libraries motivate students to explore a variety of genres and topics. For emergent levels, students use text and illustrations to derive story meaning. They utilize sound, symbol correspondence and voice-to-print matching to understand unfamiliar words. For early fluent levels, high-interest readers explore until concepts in different contexts as students engage in more independent reading. The books encourage students to read more complex sentence structures and stories, while decoding unfamiliar words, and help students begin to develop an understanding of literary elements. For fluent/proficient levels, students are able to understand author's purpose and craft while maintaining meaning and content over longer texts.
